Dear Mr. McLaren:

We would like to thank you for your performance on the Specific Area Waterfront Rehabilitation project here at the Brooklyn Navy Yard. Your professionalism and timeliness is appreciated.

The staff assigned to the project proved their technical and professional competence on each and every assignment, from inspection to final design. They also did an outstanding job completing the Group I design in such a short time frame, especially since an additional facility was added to the package at the last minute.

Your performance on this contract is considered outstanding.

Very truly yours,
