**Dear Mal,**

**We here at Walt Disney World would like to express our thanks for McLaren's efforts as a major contributor to the Nighttime Spectacular Project. Your team is to be commended for the quality work they have completed.**

**A project of this scope takes the teamwork and efforts of numerous resources. You have put together a team of outstanding engineers. Although you had numerous people contributing to the team, special appreciation goes out to you, Art DiCesare, Attila Rona, and Walter Ziobro. You should be proud of your team, their talent, and the fact that their efforts will help to create a Nighttime Spectacle for all who visit Walt Disney World to enjoy!**

**Once again, McLaren's efforts as part of the Walt Disney World Nighttime Spectacular Team are to be commended.**

**Very Respectfully,**

**Mario Scarabino, PE**
